

Unique Potential Within Reach

A look inside Vista's employment process

Vista is an innovator in providing autism services. Vista understands a company's desire to hire reliable, hard-working individuals. We can help by matching your business with the candidate best suited to meet your needs.

We start by helping you, the business professional, to identify your needs. Simultaneously, we get to know the individuals we serve and identify their unique talents and interests, environments they work best in, and desires for employment. Here is a step-by-step look at our process:

Success Stories

James, Hersheypark Retail Employee

"You show him how to make a bucket, and he makes hundreds of buckets, which is great for us because that's one of our top sellers, and he's helping to keep that in stock."
— Mike Blackman, Manager of Retail, Hershey Entertainment & Resorts®

AK, Good Burrito

"AK fulfills his responsibilities at Good Burrito by cleaning the dining room before the restaurant opens. His contributions to the team include freeing up staff to focus on food prep, while also creating a stress-free environment with his playful personality."
— Grant Markley, Assistant Manager, Good Burrito

JS, MSC Industrial Supply Co.

"If you feel good about what you're doing, you're going to work twice as fast. Our productivity isn't the most important gain for us, though he [JS] is helping us with productivity."
— Katy Hanley, Operations Manager, MSC Industrial Supply Co.
