

Unique Potential Within Reach

Who We Are

Since 2002, Vista has led the industry in establishing standards of excellence for autism services. Vista brings hope to children, adults, and their families living with autism throughout Central Pennsylvania. Vista does autism services right!

Why Vista?

Vista was founded by innovative parents and professionals who refused to accept the status quo for autism services. Because of their bold and relentless efforts, hundreds of individuals with autism receive the support to lead meaningful and productive lives.

What We Offer

The Vista School® is a licensed Approved Private School for children with autism. Using a data-driven, evidence-based approach to treatment, a team of educators, therapists, and behavior analysts customizes an ideal learning plan to help each child reach his or her potential.

Vista Outreach Services provides autism support services to students in public schools and other private schools.

Vista Adult Services® offers employment, skills training, and residential services to adults with autism.

Early Intervention gives young children with autism the early, intensive treatment they need to access learning opportunities.

Autism Spectrum Disorder (ASD), otherwise known as “autism,” is a complex developmental disorder.

Facts about autism

1. One in 68 American children has autism.
2. The disorder is usually diagnosed in childhood.
3. There is no one identified cause.
4. Autism occurs in all racial, ethnic, and socioeconomic groups.
5. Autism is four times more common in boys than in girls.
6. Every person is affected differently.
7. There is no cure for autism, but the symptoms are treatable.
