

WHEN TO PROVIDE A DOCTOR'S NOTE

When is a doctor's note required in order to return to the school setting?

Fever

Was the fever discovered at home prior to going to school and therefore, no further exposure?

No doctor's note needed, adhere to 24 hour fever free

Was the fever discovered at school where there was a possible exposure to others?

Yes, doctor's note needed to return. Reference health monitoring checklist

COVID-19 Symptoms

Were the symptoms discovered at home prior to going to school and therefore, no further exposure?

No doctor's note needed, adhere to symptom free or direction from doctor prior to returning to school

Were the symptoms discovered at school where there was possible exposure to others?

Yes, doctor's note needed, adhere to 24 hour symptom free or direction from doctor prior to returning to school

COVID-19 Exposure/Quarantine

My son/daughter was subject to quarantine procedures from the Department of Health and we adhered to the duration of the quarantine period

No doctor's note or negative COVID test is needed. Adhere to 24 hour symptom free before returning to school setting

COVID-19 Case- Positive Test Results

My son/daughter received a positive test result for COVID-19 and we adhered to the isolation procedures and duration from the Department of Health

Doctor's note, confirmation from Department of Health and 24 hours symptom free is required before returning to the school setting

IF YOUR CHILD HAS SYMPTOMS, KEEP THEM HOME. ASSESSING YOUR CHILD EACH MORNING IS CRITICAL TO THE HEALTH AND SAFETY OF ALL STUDENTS AND STAFF

Remember- To mitigate concerns surrounding traveling to your doctor's office, opt for Telehealth
